

"Los Cerrillos" farm, owned by Montalvo Wilmot family, is located just beside Peñarroya Castle, a few kilometers away from the "Lagunas de Ruidera" Natural Park. In this property of great beauty our sheep graze freely and become the most important characters in the production process of our cheeses, all done by hand at the farm. The freshly milked and non pasteurized milk together with the good work, knowledge and experience of our Cheese Master are the only ingredients used in the elaboration of our natural rind unique flavour cheese.

ELABORATION

Milk type : 100% raw sheep's milk

Rind : Natural, no outside wax, nor paraffin or antifungals

Minimum ripening : 6 months

TASTING NOTES

Thick, compact, ivory-coloured cheese with small, well-distributed eyes/holes. Clean and very elegant aroma, with hints of milk and roasted almonds. Pleasant fatty sensation and intense flavour, with good persistence and slightly spicy aftertaste.
